About Us

WA TreeWorks was established in 2000 by David Barker who wanted to provide perth with a quality and hassel free approach to vegetation management. In the past 20years WA TreeWorks have assisted and advised companies such as Water Corporation, Western Power, Holcim and many more. WA TreeWorks approach to customer care is second to none and can be backed up with the qualitive certification in our three ISO standard badges along with safety and Enviroment. Our staff is one of our biggest assests and we believe in continues growth with our people. All staff are encouraged to study and gain certification to ensure the team is always developing.

Our Vision is to be the premier provider of choice for vegetation, arbor and forestry services in Western Australia. Our Mission is to provide a high-quality comprehensive range of environmentally ethical vegetation, arbor and forestry products and services to both the private and public sectors throughout the Perth metropolitan area and regional WA.
